

Original papers are being solicited for presentation at the IEEE Global Reliability & Prognostics and Health Management (2025 GlobalRel & PHM – PHM-Xi'an)

The 2025 IEEE Global Reliability and PHM Conference will be held in Xi'an, China, on October 10-12, 2025. PHM is a wide-ranging, interdisciplinary field, that requires an energized exchange of ideas. This conference will call for world-class experts in the academic, engineering, and management disciplines to create synergistic exchanges of ideas and practices. Special attention has been paid to assure a sociable and professional atmosphere to encourage networking, forge new relationships, and deepen existing ones.

Authors are invited to submit papers of relevance to the IEEE PHM Conference. PHM topics and applications include but are not limited to:

- Energy Systems
- Electronics Prognostics
- Vehicle Health Management
- Powertrains/Maritime Systems
- Battery Health Management
- Algorithms and Implementation
- Structures and Materials
- Economics and PHM
- Transportation/Railway Systems
- Gas Turbines and Rotating Machinery
